FRITZ LEEMAN FARM COOLED SEMEN SCHEDULE AND REGULATIONS

Fritz Leeman Farm has been involved with shipping semen and these guidelines were developed from this previous experience. In addition to the regular breeding fee, those requesting fresh cooled semen will incur the following charges. Please review these items and if you have any additional questions, please feel free to call us.

- 1.) *For each shipment originating from Fritz Leeman farm, there will be a charge of **\$200.00** to the Mare Owner. Therefore, it is imperative that your veterinarian be aware of your mare's current breeding status and that she is, in fact, ready to breed. It is Fritz Leeman Farm's stated preference that all semen shipments are made to, and inseminations performed at, pre-approved established breeding farms.*
- 2.) *Fritz Leeman Farm's preference is to send semen via **Federal Express**. The Mare Owner will be responsible for the courier charges for delivering the shipping container. All shipping charges, by whatever method, are the responsibility of the Mare Owner.*
- 3.) *Prior to shipment, a deposit of **\$500.00** is required to cover shipping charges and a deposit on the equitainer in which the semen is shipped. The equitainer must be returned in its' entirety. This means that the coolant cans ballast **MUST** be returned with the equitainer. Additionally, because of the cost of, and the demand for, the containers during breeding season, **ALL** containers must be returned by **NEXT DAY AIR** (FEDEX, UPS, etc.). If the container is not returned and/or has not arrived at Fritz Leeman Farm on the 3rd. day post shipment from Fritz Leeman Farm, then a late fee of **\$100.00** will be placed on your account. Any cost exceeding the \$500.00 deposit will be billed to your account according to the conditions of the breeding contract. Should there be a credit on the deposit balance for shipping costs; the balance will be refunded to the Mare Owner.*

ALSO, PLEASE REMEMBER

- a.) *ALL requests for semen must be made by 10:00 a.m. eastern time, Monday, Wednesday and Friday.*
- b.) *A Contract for cooled semen does not guarantee that semen will be available on the day you submit your request. Mares in residence at Fritz Leeman Farm will be given priority for semen.*
- c.) *Semen may only be requested on the regularly scheduled Fritz Leeman Farm breeding days (Monday, Wednesday, Friday). No exceptions will be made.*
- d.) *Cooled semen bookings will be, by necessity, of limited availability on those stallions whose book fills with mares to be bred on the premises of Fritz Leeman Farm.*
- e.) *Please send a copy of mare's papers with the signed contract.*
